Portfolio Website <https://johnfisher22.github.io/projects>

Objective

Dedicated Master's student in Software Engineering with strong foundations in Agile software development, testing, design, and programming, seeking an opportunity to apply technical skills, and problem-solving abilities, into real-world software projects, to gain industry experience.

Hard Skills

Programming Languages: advanced Java, basic C++, moderate Python, HTML, CSS, and JavaScript.

Version Control: GitHub

Databases Management System: MySQL.

API Design & Architecture: RESTful APIs, Spring Boot, Spring Frameworks HTTP, JSON etc.

Testing & Debugging: JUnit, Selenium Web-driver, MS Test (Microsoft Testing Framework), JMeter, Load view, Postman, and Mobile Simulator for smartphones and tablets, used for responsive testing.

Production Environment: Eclipse IDE, PyCharm, Visual Studio Code, Katalon Suit, IntelliSense IDE, ChatGPT, Google AI Assistant, etc.

Software Design: Smart designs with online tools, development environments & Agile Development

Data Structures & Algorithms

Education

NORTH DAKOTA STATE UNIVERSITY | FARGO | ND.

MSE. in Software Engineering | Current GPA 3.8/4.0

Completed the following relevant coursework:

CSCI 716 - Software Design

CSCI 713 - Software Development Process

CSCI 718 - Software Testing & Debugging.

CSCI 848 - Empirical Methods in Software Engineering

CSCI 715 - Software Requirements Definition and Analysis

CSCI 765 - Introduction to Database System – In Progress

DICKINSON STATE UNIVERSITY | DICKINSON | ND.

BS | Computer Science | GPA 3.4 /4.0

Completed relevant coursework in Computer Programming, database management System, Operating Systems and software engineering.

BISMARCK STATE COLLEGE | BISMARCK | ND.

Associate of Science Degree in Computer Science | GPA 3.4/4.0

Completed relevant coursework in Computer Science

BISMARCK STATE COLLEGE | BISMARCK | ND.

Associate of Applied Science Degree in Petroleum Engineering Tech. | GPA 3.5/4.0

Experience

REVATURE, INC.

Java Intern | June 2024 – August 2024

- Designed and linked project application to Database with SQL
- Developed backend with RESTful APIs and Javalin
- Implemented Spring Frameworks & Spring Boot.

Experience Gained

- Developed Spring Social Media Blog API as my project.
- Developed programming skills in Java, SQL, RESTful API Construction and Spring Framework
- Completed 110 Coding Activities
- Showcased understanding of concepts through fourteen (14) evaluations

Soft Skills

Very Fast Learner, Good Communicator, Time Management, Team player, and Problem-Solving

Awards

- North Dakota Space Grant Consortium Scholarship Award: Dickinson State University *Spring – 2023 & 2024*
 - Dickinson State University Heritage Foundation Scholarship: *Fall – 2022*
 - Doosan Bobcat Employee Spotlight of the month June 2020
 - Recipient of National Science Foundation Scholarship award: Bismarck State College – 2015
 - Recipient of President's Honor outstanding student award: Bismarck State College - (Outstanding student 2014)
 - Member of International Honor Society of Phi Theta Kappa.
-
